## CONDITIONS OF SALE

1. *All Bids to be by Lot.* They are executed free of charge by the Walpole Galleries and the items are bought at the lowest price permitted by competitive bids.
2. *The highest bidder* to be the buyer; in case of disputed bids the lot shall be resold, but the Auctioneer will use his judgment as to the good faith of all claims and his decision will be final. He may also reject any fractional or nominal bid calculated to delay or injuriously affect the sale.
3. *Buyers* to give their names and addresses and to make such cash payments on account as may be required, in default of which the lots purchased to be immediately resold.
4. *Delivery.* Goods bought to be removed after 9:30 o'clock the day following the close of the sale. If not so removed, they will be held at the risk of the purchaser and these Galleries will not be responsible if such goods are lost, stolen, damaged or destroyed. *No deliveries will be made during or immediately after the sale, but all bills and goods will be ready at 9:30 o'clock on the day following the sale.*
5. *Terms Cash.* If accounts are not paid at the close of the sale, or, in the case of absent buyers, when bills are rendered, these Galleries reserve the right to dispose of the goods without notice to the defaulting buyer and all costs of such resale will be charged to the defaulter. This condition is without prejudice to the rights of the Company to enforce the sale contract and collect the amount due without such resale at its own option.
6. *This catalogue* has been compiled by a competent cataloguer, the various lots offered are described with care and accuracy and they will be sold not subject to return.
7. *The Walpole Galleries,* if requested, will forward purchases at the buyer's risk and expense.

---

*Priced copies of this catalogue at \$3.00 each after the sale.*

## GUNS AND CROSS BOWS

16- 22 17th Century Musket from the Lamm Collection.

From the Carl Robert Lamm Collection, sold in New York, Dec. 22, 1923, No. 410, catalogued as "Gun (musket), Seventeenth Century, with match and wheellock; round barrel at the back, 8-sided, plain bored, stamps over chamber 53mm. So called Suhl barrel. Lock match and wheel-lock, plain stock, whole stock of brown stained wood, uncommon specimen. Length, 1,508m; barrel length, 1,117m. Calibre, 0,019m.

(Illustrated Plate 1)

2- 23 Hudson Bay Company's Flint Lock Gun. L. 69 ins.

A very interesting gun created by the Hudson Bay Co. 200 years ago to trade with the Indians. These guns are just short of 6 feet and were made this useless and excessive length by the Company as the usual trade was a pile of beaver skins as high as a gun. Stock cracking.

\*A most interesting relic of the pioneer fur company of America.

(Illustrated Plate 1)

13- 24 Silver Mounted Flintlock Fowling Piece. L. 48 ins.

A very beautiful specimen with a fine Spanish barrel, the stocks delightfully carved, and all the fittings of silver, even to the butt plate. In a wonderful state of preservation, with the original ebony ivory tipped ramrod.

\*Decidedly a museum piece. Very light weight.

(Illustrated Plate 1)

16- 25 Bavarian Double Barreled Combination Flintlock Rifle and Shotgun, Calibre 50, Gauge 15. L. 42 ins.

Known as the "Turn-over-gun." The barrels, which are superposed, revolve on a common axis; each barrel having its own flash pan and battery, a single lock and trigger serving both. Full walnut stock, brass mountings, ramrod between barrels, patch box in stock. Signed Joseph Stoser in Zwettl.

\*A similar gun, bearing the Imperial Arms of Napoleon I, is on view at the Museum of Artillery in Paris.

(Illustrated Plate 1)

Plate 1.

- 26 Engraved Ivory Gold Mounted Spanish Flint Lock Gun. L. 43 ins.

Very interesting and decorative; the stock elaborately inlaid with engraved ivory from butt plate to muzzle; the lock plate and barrel chiselled and inlaid with gold.

(Illustrated Plate 1)

- 27 Sicilian Bandit's Flint Lock Blunderbus. L. 32 ins.

The mouth of the barrel is oval, measuring  $1\frac{3}{4}$  inches, so that the charge of slugs, gravel, etc., would scatter in a lateral direction; thus blinding both driver and guard on the Coach Box. The stock of olive root is hinged at the grip so that it may be folded and hidden beneath the cloak of the user. A sash hook on the left side allows the gun to be hung from the belt.

(Illustrated Plate 1)

- 28 Fine Old Battlement or Stirrup Cross Bow. L. 50 ins. Span 32 ins.

Early 16th Century; from the Greenwood Collection, York, England, 1894.

When the bow has been set by the windlass, the latter is detached and hung at the belt of the Archer, while the weapon is discharged. Complete and original with exception of winding cord and one crank grip bow-string.

(Illustrated Plate 1)

- 29 Cross Bow of Peculiar Design. L. 33 ins. Span 15 ins.

The maker evidently attempting to achieve distance by mounting a very short and heavy bow on an exceptionally long stock. The stock is slightly carved and inlaid with brass, with a box in the stock for holding the quarrels or bolts. In fine condition.

- 30 Continental Prodd or Sporting Cross Bow. L. 33 ins. Span 26 ins.

16th Century, in fine original condition with exception of the bow string. From the Greenwood Collection.

The bow is set with a goat's foot lever which is recessed in the stock.

- 31 Shot Gun and Leather "Trunk" Case.

Fine double barrel breech-loading English 12-gauge shotgun, made by Berry, one of the best British custom gun-makers. Damascus barrels, 30 inches long. Scott top action. Mark, *S. W. Berry*.

- 32 Early American Flint Lock Musket. L. 57 ins.

In perfect condition. Round browned barrel, full length, walnut stock, marked *N. Haven* in scroll. A fine American relic.

## GUNS—Continued.

- 8- 33 **Good Old Revolutionary Tower Musket. L. 55 ins.**  
The original "Brown Bess." Full length stock, brass mountings throughout, browned barrel. British proof lock plate stamped *Tower and G. R.* below Royal Crown. Iron ramrod.
- 4- 34 **Old Sharpshooter's Telescope Rifle. L. 48 ins. Telescope 35 ins.**  
Made for Berdan Sharpshooters. Heavy octagonal brown barrel, with false muzzle (protecting barrel and telescope). Set and hair triggers. Lock marked *Loudenville A. S. HCO.* Barrel marked *P. A. Reinhard, Loudenville,* with original brass bullet seater.
- 13- 35 **Case and Manton Fowling Piece.**  
Very fine old English single barrel fowling piece by John Manton, Dover Street, London; half octagon stub twist barrel, in fine mahogany case (cracking) with all accessories. The brass handle of the case bears *Mr. John Dawson, Swinham Green, Middlesex.*
- 24- 36 **Handsome Colt Percussion Rifle. L. 45 ins.**  
Side hammer; cylinder loading; fine full length walnut stock. Front, rear, and peep sight for fine shooting. Round engraved cylinder. Perfect, and in splendid condition.

## GUNLOCKS

- 7- 37 **Genuine Original Italian Snaphaan Lock. L. 7 ins.**  
17th Century, complete in every detail. The rarest type of gunlock known, in beautiful condition. A museum piece.  
This and the following 20 gunlocks form a very complete series of its development from the Matchlock of about 1500, to the general use of the percussion system of 1850—a development of 350 years. See also Nos. 244-250.

(Illustrated Plate 2)

- 650 38 **European Rebounding Match Lock Battery. L. 8 ins.**  
On descent of the match-holder the pan slides forward, exposing the priming; on release of the trigger the pan-cover goes home and the match-holder resumes its original position.

This lock should be in some mechanical museum.

(Illustrated Plate 2)

- 4- 39 **Large Arabian Miguelet Lock.**  
Highly decorated with chased brass and the steel well tooled. An exceptionally fine example of the 18th Century desert gunlocks, with safety dog.

(Illustrated Plate 2)

- 1- 40 **Arabian Miguelet Lock.**  
Having a peculiarly shaped lock plate. Well decorated and in fine order.

(Illustrated Plate 2)

# GUNLOCKS—Continued.

- 350  
2-  
1-
- 41 **Moorish Miguelet Lock.**  
In good condition. Original and complete.  
(Illustrated Plate 2)
  - 42 **Fine Spanish Transition Flint Lock. L. 6 ins.**  
Perfect condition.  
(Illustrated Plate 2)
  - 43 **Fine Spanish Transition Flint Lock. L. 6 ins.**  
Complete and in good condition.  
(Illustrated Plate 2)
  - 44 **Arabian Miguelet Lock.**  
Partly covered with chased brass. A fine specimen of its type, in good and original condition, with safety dog.  
(Illustrated Plate 2)

## GUNLOCKS—Continued.

P. 45 **Turkish Miguelet Lock.**

In fine condition. Removable face plate; its frizzen a most interesting piece.

(Illustrated Plate 2)

1- 46 **Most Interesting Example of the Transition Lock.**

Of Ripal, the celebrated arms centre of Spain during the 17th Century. The "Transition lock" is the link between the "true" Miguelet and the "true" Flintlock. Its mechanism is practically that of the Flintlock (particularly the Scotch flintlock), except that it is on the outside of the lock plate. An extraordinarily rare piece.

(Illustrated Plate 2)

650 47 **Very Good Wheel Lock. L. 8 ins.**

From 17th Century wheel lock Arquebus. Lock complete and in working order. A GOOD GENUINE OLD PIECE.

(Illustrated Plate 2)

350 48 **Remarkable Old Wheel Lock from 17th Century Arquebus.**

This lock has two pyrite holders, complete and in good condition. A very rare and genuine old wheel lock. Lock plate 8.2 ins.

(Illustrated Plate 2)

10- 49 **Pistol Shaped Flint Lock Tinder-Box.**

Exceptionally well done steel frame, slightly engraved; large candlestick on left side; also tinder trap.

1050 50 **Fine Old Flint Lock Shelf Tinder-Box.**

Steel frame; outside springs. Rush holder and reservoir on left side; original stock. Early 18th Century.

1350 51 **South German Early 18th Century Pistol Shaped Flint Lock.**

Pocket Tinder-box; steel frame; outside springs; engraved brass door to tinder reservoir. Exceptional type with stock inlaid with ivory.

## PISTOLS—Nos. 52-88—MANY FINE PAIRS

14- 52 **Fine Pair Early French Flint Lock Carriage Pistols. Length 21 ins. Cal. 50.**

Massively mounted in brass, with grotesque masques on heavy ball butts.

An exceptionally attractive pair by Penel, a famous maker of the Louis XVI period.

(Illustrated Plate 3)

- 20- 53 **Pair of Gold Mounted Flint Lock Dragoon Pistols. L. 14 ins. Cal. 60.**

A pair of pistols of the Royal Bodyguard of King Louis XVI, in absolutely new condition, perfect in every detail, with the Royal Arms on the butt-caps and inlaid in gold on the beautifully blued barrels, "*Gardes du Corps du Roi*" (Guard of the Body of the King).

\*A finer pair of Royal pistols cannot be seen in any Museum to-day.

(Illustrated Plate 3)

- 15- 54 **Pair of Exceptionally Long Oval Butt Italian Flint Lock Pistols. L. 22 ins.**

Carved full stocks and heavy steel oval and fish-tail butts. The barrel, locks, hammer guards, and butts are elaborately hand-tooled.

\*A pair of pistols that would be an addition to any collection.

(Illustrated Plate 3)

- 10- 55 **Pair Fine French Dragoon Flint Lock Holster Pistols. L. 14 ins.**

Heavy brass mounts, marks: *Mfre Royale de St Etienne*.

A splendid pair of the time of Napoleon Buonaparte.

(Illustrated Plate 3)

- 27- 56 **Magnificent Pair of Balduini Flint Lock Pistols. L. 19 ins.**

A very fine pair; the bronze mounts finely engraved, and the full length stocks exquisitely carved. By the famous JEAN BALDUINI and of exceptional length for pairs.

(Illustrated Plate 3)

- 9- 57 **A Fine Old Pair of Officer's Flint Lock Pistols. L. 14 ins. Cal. 70.**

With half stocks; brass mounts, beautifully checkered grips; flat hammers and brass flash pans. Proof marks on the barrels.

(Illustrated Plate 3)

- 16- 58 **A Pair of Gold Mounted Overcoat Flint Lock Pistols of the First Empire. L. 13 ins.**

An interesting French pair of pistols with original ramrods, safety catches on lock plate; walnut stocks slightly inlaid with silver. The tapered octagon barrels are inlaid with gold maker's name *Moristeau*; and a large gold sunburst surrounding the front sight, with gold muzzle and breech bands.

(Illustrated Plate 3)

- 7- 59 **Fine Early French Flint Lock Pistol. L. 13 ins.**

Maker, *Bodier L'aine*. Carved walnut stock is inlaid with silver; the half round brown barrel shows a design in floral gold inlay. 18th Century.

By a celebrated maker of the time of Louis XVI.

(Illustrated Plate 3)

5- 60 **Italian Flint Lock Dragoon Pistol. L. 14 ins.**

Made at the Imperial Arsenal at Turin, when the son of Napoleon was made King of Rome. The letter "R" surmounted by a crown appears on the brass trigger-guard and mounts, and the Regimental numbers; the date 1813 stamped on.

A very great rarity.

(Illustrated Plate 3)

16- 61 **Old Spanish Pirate's Flint Lock Pistol. L. 13 ins.**

Spanish armorer's countersink at base of barrel; brass bird head butt.

The pistol carried by the Corsairs of the Spanish Main 150 years ago, with sash or belt hook on the left side.

(Illustrated Plate 3)

55- 62 **Fine French Dragoon Flint Lock Pistol. L. 14 ins.**

Dated 1816 and No. 31. Brass mounts with brass bird head ring butt. Mark: *Mnfre Royale de St Etienne*.

A most desirable piece.

(Illustrated Plate 2)

12- 63 **Pair 18th Century Pocket Flint Lock Blunderbus Pistols. L. 9 ins.**

Flat box locks and safeties; flat walnut stocks with slight inlay of silver wire and comb checking; steel twist barrels one inch in diameter at muzzle.

45- 64 **Fine Old French Flint Lock. L. 12 ins.**

Overcoat pistol with sweeping barrel, steel mounts and ramrod, tang, sight and armorer's mark of palms.

3- 65 **Pair of Pocket Flint Lock Pistols. L. 7 ins.**

By Wheeler, London. Box locks, unscrew barrels. Flat stocks beautifully inlaid in silver. Top hammer jaw missing.

95- 66 **Pair Mariette Brevete Four-Shot Revolving Pepper-Boxes. L. 7 ins. Cal. .38.**

Breech loading; unscrew barrels; under hammer, ring trigger; goose neck ebony grips finely engraved.

**SEVEN FINE CASE AND PAIRS**

18- 67 **Case and Air Cane.**

A most complete and exceptional outfit, consisting of an ivory handled walking stick which is an air gun, cane, pump, bullet mould, and all accessories. Original and perfect, one of the most interesting outfits we have ever seen and in the original mahogany lock case.

(Illustrated Plate 4)

- 68 Case and Pair Extra Large Bore Pocket Pistols. L. 7 ins. Cal. 65.

Unscrew barrels, folding triggers; carved ebony handles, complete in every detail with all accessories in a green velvet lined case.

\*The most perfect hand steel work it is possible to imagine, the fine engraving making the joints quite undiscernible.

(Illustrated Plate 4)

- 69 Case and Pair French Percussion Duelling Pistols. L. 17 ins. Cal. 38.

In perfect condition, never having been fired, in an oak and ebony trimmed case with all accessories.

\*This case and pair are so exceptionally handsome that it is difficult to do justice to their beauty.

(Illustrated Plate 4)

- 36- 70 Case and Pair Magnificent French Percussion Duelling Pistols. L. 16 ins. Cal. 45.

The steel work handsomely engraved and the woodwork beautifully carved, in a brass-bound velvet lined mahogany case with every accessory (11 in all).

\*A remarkable pair of pistols.

(Illustrated Plate 4)

- 41- 71 Case and Pair French Percussion Duelling Pistols. L. 16 ins. By Andre, Paris, in a brass inlaid red velvet lined case; the escutcheon engraved *Dr. Bernardin*.

\*A more attractive case of duelling pistols has rarely passed through the rooms; the steel work handsomely engraved; the original blueing of the barrels still perfect and the carved ebony fluted stocks without a blemish. No less than thirteen accessories, all original, are in the case.

(Illustrated Plate 4)

- 25- 72 Case of Gold Mounted Pistols and All Accessories, by Johnas Kuchenreuter. L. 11 ins. Cal. 40.

By the foremost gunsmith of Austria a hundred years ago. The barrels, lockplates, hammers, guards and butts are all beautifully hand chiselled in designs of game. The stocks are of olive root inlaid with silver, and traces of the original gold on the fittings still remain; case and accessories.

The Kuchenreuter countersink appears on the barrels in front of the folding leaf sights.

(Illustrated Plate 4)

- 53- 73 Case and Double Express Muzzle Loading Big Game Rifle. Cal. 50.

Made by Bernard of Paris, of the highest type, in a metal bound case with accessories.

\*\*An interesting feature of this beautiful Arm is that it carries with it a detachable double-edged bayonet, equal in length to the barrels. A rare piece in very fine condition.

(Illustrated Plate 4)

- 450 74 French Flintlock Pistol. L. 9 ins.

Time of Louis XVI, with bronze guard and mounts and exceptionally artistic checkering on the walnut stock.

- 450 75 All Steel Vest Pocket D. B. Flintlock Pistol. L. 6 ins.

Very rare form of double barrel, cannon form which unscrew for loading. Top jaws of hammers missing, otherwise fine condition.

- 350 76. French Dragoon Flintlock Pistol.

Brass mounted with lanyard loop through butts; in fine order.

- 250-  
77 Italian Flintlock Horse Pistol. L. 14 ins.

Heavy military type though following almost exactly the Dragoon Model of the First Empire. The lockplate marked "Brescia."

Undoubtedly issued when the infant son of Napoleon was made King of Rome.

- 350-  
78 French Flintlock Horse Pistol. L. 13 ins.

Brass frame and mounts made at St. Etienne during the latter part of the 18th Century; top hammer jaw missing.

The Pistol from which was copied the first U.S. Govt. Pistol made by North and Cheney.

- 250-  
79 French Dragoon Flintlock Pistol. L. 14 ins.

A fine pistol of the First Empire, brass mounts made by the Royal Arsenal at Charleville. The type of hammer is entirely different from that of the Armory at St. Etienne.

- 950-  
80 Pair of Miguelet Lock Carriage Pistols. L. 15 ins. Cal. 60.

Finely engraved brass mounts and inlay; having the arms of Spain and the armorer's countersink at the base of barrels typical of early 18th Century Spanish workmanship. Stocks need repairing.

- 550-  
81 Pair of French Officer's Flintlock Pistols. L. 10 ins. Cal. 55.

18th Century, made at the Imperial Arsenal, Mauberge. Steel mounts.

- 350-

Full length walnut stocks, brass mountings, iron ramrods.

- 151- 89 Hunting Sword Presented by Napoleon III to His Head Forester at Compiègne.

Made by Devisme of Paris, Armorer to the Emperor. The double-edged 20-inch blade is triple guttered and openworked for seven inches from the guard, etched and gilded. The hilt, which is of French fine gilt-bronze, is in the design of a tree beside which stands Diana holding a hound; three other hounds lying at the base of the mound on which the Goddess stands form the guard. The scabbard is of brown leather mounted in French fine gilt.

The most elaborate Hunting Sword that we have ever offered.

(Illustrated Plate 5)

- 850- 90 Gold Mounted Flobert and Case. L. 15 ins.

\*The first firearm that many of us shot was a Flobert; here is a finer one than you perhaps ever fired, with barrel engraved and richly and elaborately inlaid in gold; carved fluted stock of ebony, in the original handsome case with handle, key and some cartridges.

(Illustrated Plate 5)

- 8- 91 Beautiful Silver Mounted Single Barrel English Flintlock Pocket Pistol. L. 9 ins.

## SECOND SESSION—LOTS 241 TO 475

### CANNON MODELS, MARTIAL PISTOLS, CROSS BOWS, 12<sup>50</sup> ↑ FLASKS AND HORNS, FINE PAIRS IN CASES, EDGED WEAPONS

1 241 Fine Old Shelf Tinder Box.  
Flintlock pistol action; outside springs; good condition.

13<sup>50</sup> 242 Fine Brass Frame Flintlock Shelf Tinder Box.  
Outside main and trigger springs; rush holder and tinder cask on  
the left side. Fine condition.

13<sup>50</sup> 243 Rare Old Type Flintlock Shelf Tinder Box.  
Steel outside main and trigger springs; box for extra tinder on left  
side.

- 16- 244 **Massive Flintlock.** Lock Plate  $9\frac{1}{2}$  ins. Hammer  $5\frac{1}{4}$  ins. High. This and lock No. 246 are from the wall-pieces in the Tower of London. Marked, *Memory* and *U. E. I. C.* (United East India Company). Dated 1793. When the guns were shipped from India many years ago, for some reason the locks were sent in a different ship, and became separated, and the present and lot No. 246 are two of the long lost pieces.

\*An exceptional relic; the weight of this lock alone is as much as many of the guns of today.

(Illustrated Plate 13)

- 2.50 245 **Fine Spanish Transition Flintlock.** L. 6 ins. Early 18th Century; slightly engraved; complete and in good condition.

(Illustrated Plate 13)

- 3- 246 **Very Rare Huge Flintlock.**

From one of the wall-pieces now on exhibition in the Tower of London; made by Barnett. A very rare piece with an interesting history. See No. 244. Length  $8\frac{1}{2}$  inches, height of hammer  $4\frac{3}{4}$  inches.

(Illustrated Plate 13)

- 1- 247 **Fine Old Flintlock.** L. 8 ins.

Of most appealing design; the lockplate resembling that of a wheel-lock. In perfect condition, from a gun of large size.

(Illustrated Plate 13)

- 125 248 **Two Military Flint Gun Locks.**

One Italian, marked *Brescia*, the other British, marked *Tower*, with Royal crown surmounting letters *G. R.* (2).

(Illustrated Plate 13)

## LOCKS—Continued.

249 **Two Beautiful Flintlocks.**

Highly decorated, one Italian, the other French. Complete and original in every detail. One gilded, the other bright. Most attractive examples. Length: French  $5\frac{1}{4}$  inches, Italian  $4\frac{1}{2}$  inches. (2).

*(Illustrated Plate 13)*

250 **Fine Spanish Transition Flintlock. L. 5 ins.**

In good condition and genuine; slightly engraved.

*(Illustrated Plate 13)*

251 **Exceptionally Heavy English Blunderbuss. L. 38 ins.**

Brass barreled. A government piece, the lockplate bearing the crown and the letters G. R., by Knubley of London. Muzzle calibre 200. The finest type of old British blunderbuss.

*(Illustrated Plate 14)*

120-  
252 Canon de Soleil or Sun Canon.

A rare souvenir of the First Empire—a Sun Dial mounted on a marble base, has combined with it a small bronze cannon below so that at High Noon the cannon is fired by the direct rays of the sun.

During the first reign of Louis XVI and in the First Empire, the choicest and most desirable adjunct to the finest estates in France were the "Canons de Soleil" found in the gardens of the nobility. A Museum piece par excellence.

(Illustrated Plate 14)

3-  
253 Gun Sighter. Eighteenth Century.

A curious and perfectly made instrument for holding a gun while sighting or targeting; brought to Canada by an expert gunsmith in the early part of the last century.

In fine condition in every respect, having been successfully used within the past five years, though now probably over a hundred years old.

(Illustrated Plate 14)

22-  
254 German Fifteenth Century Windlass Cross Bow. L. 27 ins. Span 22 ins.

From the Greenwood collection. Very decorative and inlaid with ivory; equipped with peep sight and has a set and hair trigger.

An exceptional example of the period; original in every respect, even to the bow string.

(Illustrated Plate 14)

8-  
255 Lady's Prodd of the Sixteenth Century. L. 23 ins. Span 14 ins.

An exceptionally small crossbow of the goat's foot type, complete in every respect except the bow string.

Undoubtedly made for a lady of the period when "Birding" was in vogue, and in the original Sixteenth Century condition as purchased from the Greenwood Collection in England in 1894.

(Illustrated Plate 14)

3.50  
256 Pair of Exceptionally Small Double Barrel Percussion Pistols. L. 5 ins.

(Illustrated Plate 15)

- 7- 259 **Pair Double Superposed Percussion Pocket Pistols. L. 7 ins.** Exceptionally fine, with single trigger by Lelyon of Paris. The two hammers are operated by two pulls on the folding trigger, AS IN THE LATEST GUNS OF TODAY, AND YET THIS PAIR OF PISTOLS IS NEARLY A HUNDRED YEARS OLD. Ebony grips.

(Illustrated Plate 15)

- 9- 260 **Beautiful Pair of D. B. Breech Loading Pin Fire Pocket Pistols. L. 8 ins.**

By Rougier of Perigueux, France. The barrels are fine twist steel perfectly browned, side by side and centre ribbed like a double barrel shotgun; the breech action is like the original Lefauchaux, the frames handsomely engraved and the ebony stocks elaborately carved; the concealed triggers snap back into place after pulling; fluted grips.

An exceptional pair of the highest type.

(Illustrated Plate 15)

- 21- 261 **Duelling Pistol and Case. L. 17 ins.**

By Gastine-Renette of Paris, the armourers of Louis Napoleon, who were considered the greatest duelling makers of their time, when the "affairs of honor" were at the height of their popularity.

\*A museum piece of the highest order, in a rosewood case, velvet lined; the pistol, a specially made one with accessories, is as fine an example of the work of these famous artisans as likely to be offered at public sale.

(Illustrated Plate 15)

- 55- 262 **Attractive Little Ivory Handle Pistol. L. 5 ins.**

Ivory stock, engraved frame; unscrew barrel, concealed trigger; a gem in every respect.

(Illustrated Plate 15)

- 19- 264 **Noel Pill-Lock Ten-Shot Disc Revolver. L. 9 ins.**  
The first model of a chamber revolver; hammer on the right side, strikes horizontally like the Porter Rifle. Self-cocking, folding trigger.

One of the rarest and most interesting small arms; in fine condition.  
(Illustrated Plate 15)

- 12.50 265 **Pair Bayonet Percussion Pocket Pistols. L. 8 ins.**  
Engraved frames, pear shape ebony stocks; 3-inch daggers fly forward and automatically lock in position.

A most desirable pair, in beautiful order.  
(Illustrated Plate 15)

- 9- 266 **Exceptionally Fine Four-Shot Pepper Box. L. 8 ins.**  
Beautifully damascened barrels which unscrew for loading; elaborately engraved frame and carved ebony stock; under hammer, ring trigger.

As fine a Pepper Box of the type as we have ever offered.  
(Illustrated Plate 15)

- 3.50 267 **All Steel Pocket Pistol. L. 6 ins.**  
Alteration from flint to percussion, of the highest type; unscrew cannon barrel, trigger guard, safety; mark: *Miguet, Liege*.

The engraved steel stock is a work of art.  
(Illustrated Plate 15)

- 5- 268 **Pair of Double Barrel Percussion Pistols.**  
Fine twist barrels which unscrew for loading. The concealed triggers fly back to place after pulling; fluted walnut stocks. An active pair in good condition.

- 7.50 269 **Pair of Percussion Pocket Pistols. L. 7 ins. Cal. 50.**  
With concealed triggers and unscrew barrels, in velvet lined oak case with *L. L.* on name plate. Made by Firmin, Paris. All accessories; fluted grips.

#### NINE FINE CASE AND PAIRS

14 50  
275 Case and Pair Flintlock Pocket Pistols. L. 5 ins. Cal. 40.  
By Wm. Bond of London. Concealed triggers and unscrew barrels.  
\*In the original case with interesting old label telling that Wm. Bond also made Cross-Bows. A beautifully made pair of pistols, worthy of any collection, public or private.

(Illustrated Plate 16)

22-  
276 Case and Lefauchaux Prize Pair Pocket Pistols. L. 5 ins.  
LeFauchaux in Rue Vivienne, Paris, in 1836 perfected the pinfire cartridge and the LeFauchaux breech loading system, which has survived in France until to-day; but it is safe to say he never made a more beautiful pair of pocket pistols than these which he showed at the International Exposition held at the Crystal Palace, London, in 1859, which won the prize.

\*The ivory butts and fittings even to the ivory handle of the screw-driver are still without a blemish, the joint work a marvel, and much of the original browning of the barrels remains. Double barrel, like a shotgun, breech loading, with concealed triggers, they are truly a masterpiece of the gunsmith's art, of a total length of but 5½ inches. In the original velvet lined case, with original screwdriver, ivory handle, and grease can.

(Illustrated Plate 16)

16-  
277 Case and Very Superior Gold Mounted Mariette Pepper Box. L. 8 ins. Cal. 38.
